Hoi An drawings are shared by netizens

There is nothing special about these images that do not have their own charms, especially when combined into real space that will create a perfect harmony between painting and real life. On the social network, the works of this female artist are receiving praise comments with the thanks of many young people passionate about painting as well as love for the country of Vietnam.

The author of the sketches being shared is **Alice Boggis-Rolfe** (27 years old), from the United Kingdom. Alice is a painter who mainly draws on landscapes and is now traveling **the world** drawing. The drawings will serve an exhibition in London in November this year. The type of painting that the painter pursues is oil painting and usually takes 2-3 days to complete a picture.

Portrait of a beautiful female artist painting the scenery in Vietnam

'As planned I will be in Vietnam for a month but I wish I could stay longer because I really love this country. The Vietnamese people are wonderful, kind, friendly and interested in what I am doing here.

In Vietnam I have arrived in Ho Chi Minh City, Mekong Delta, Hoi An, Hue, Ha Noi, Cat Ba, Halong and I am en route to Sapa. When I arrived, I painted the scenes there. I really love your country, especially the food ' - shared Alice.

Female artist said, poetic scene with colorful scenery has brought inspiration to her draw the current works. One of the places to leave a bold mark in Alice's mind is **Hoi An** City Lantern .

'As planned I will be arriving in Japan in the next 10 days, so I can not stay longer in Vietnam even though I do not want to leave here. I will definitely come back to your country for a day,' Alice shared.
